

Commercial Instant Shelter

3m x 4.5m - All-in-One Frame

Purpose

A lighter weight aluminium instant shelter that is extremely easy to use, offering excellent portability whilst providing full weather protection and excellent stability. A fully waterproof canopy ensures a quick and easy haven from weather in any environment.

- Technical Data**
- Deployed Dimensions: L 4.5m x W 3m
 - Packed dimensions: 158cm x 38cm x 32cm
 - Weight: 49kg

- **Frame:** 1.2mm Gauge Aluminum framework 40 mm diameter Heavy duty reinforced nylon joints, quick release pull pin fixing 5 positions adjustable height unique multi point support roof structure, welded feet.
- **Canopy:** 350g denier polyester internal rubber coating for maximum rain protection, hot air taped seams, fully water proof. It's fitted with eyelets, for bolting it down to the framework, with screw down balls to prevent pooling in corners.
- **Side Curtains:** 280g polyester, internal rubber coating for rain protection, Velcro Quick-Fit system with zipped corners, extra luggage straps in corners 2-3 eyelets at bottom of each panel.

Windows: Set of: 2 larger clear panoramic window panels made of high quality super elastic material (each window is fitted with an internal blind 3m length), 1 solid panel 4.5m length and 1 double zipper doorway 4.5m length.

Features & Benefits

- Side curtains reinforced to provide better protection
- Window panels have an increased area of transparency to allow more light ingress, but are also fitted with roll-down blinds for modesty
- Wider doorway for easier access
- The sides fix to the canopy and frame with a velcro quick fit system
- All panels are zipped in each corner to prevent gaps between the sides and the canopy. Therefore the inside of your instant shelter is fully sealed and protected from rain and wind
- Light Weight
- Comes with free complimentary package of accessories including heavy duty storage bag, strong pegs and nylon guy ropes
