

# shelter flooring

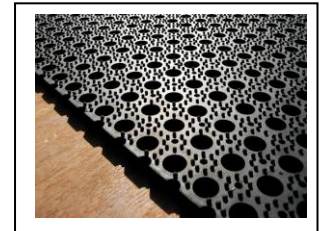

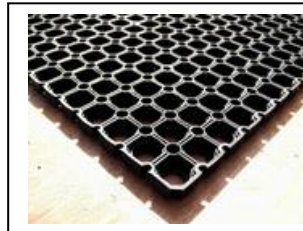

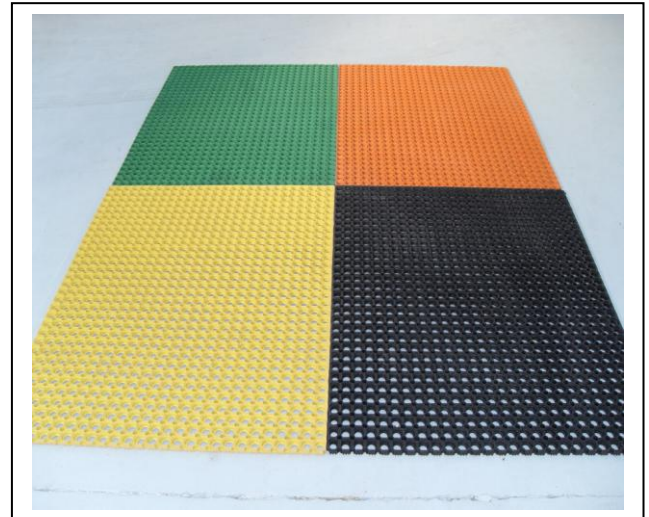

## Purpose

A non-slip, comfortable solution for flooring in shelters and decon cells. Using raised flooring for decon applications avoids standing in potentially harmful contaminants.

### Critical Use Data

- **Material:** NR (Rubber)
- **Tile Dimensions:** 100cm x 120cm x 3cm
- **Weight Per Tile:** 8kg
- **Colour:** Black, Yellow, Red or Green
- **Weight:** 32kg
- **Max temp:** 70°C (avoid prolonged exposure)
- **Min temp:** -10°C (avoid prolonged exposure)

## Features & Benefits

- Anti -slip properties
- Durable material
- Raised holes on the underside to ensure good drainage
- Individual mats can be placed together seamlessly to fill a larger shelter space
- Individual tiles are of a manageable size to facilitate lifting and positioning of flooring
- Available in a choice of black (general purpose), yellow (decon area), red (disrobe area) and green (re-robe area)

## Now there's a better way
