

securing options

Purpose

Alternative options for securing shelters during inclement weather, whether deployed on soft ground or hard standing.

Options

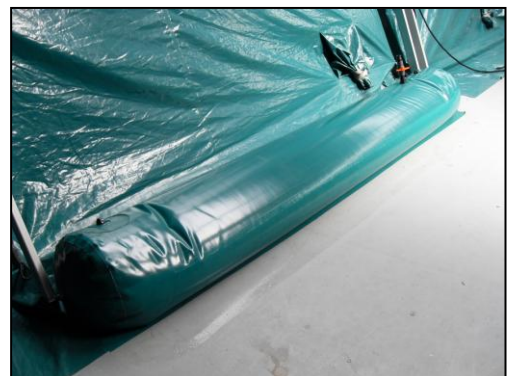

Soft Ground Only

- **Anchor Kit** comprising appropriate number of Leg Pegs, Guy Ropes and Rope Pegs (4-off for 4 leg Shelter)

Soft Ground or Hard Standing

- **Leg Weight Kit** comprising appropriate number of stackable 13 kg Leg Weights (Typically 4-off for 4 leg Shelter)
- **Tubular Ballast Kit** comprising 250 or 500 litre Ballast Tank with 3m Guy Ropes (Typically 2-off for 4 leg Shelter)

Now there's a better way
