

# air heater

## Purpose

The AIRgen 26/100 is a mobile hot air generator designed to provide warm air supply to mobile shelters.

### Technical Data

- Dimensions:  
L 1.01m x W 0.56m x H 0.835m
- Motor: 300w
- Heat Output: 26kw
- Voltage: 110V
- Air Output: 800m<sup>3</sup>/h
- Component weight with flues: 50kg
- Tank capacity: 46 litres
- Filled weight: 89kg
- Stack height from ground: 2m
- Running time: 15 hours minutes
- Thermostatic regulation: 0 - 40°C

## Features & Benefits

- Safe and easy to use
- Well designed, ergonomic unit
- Large capacity built in fuel tank to give an operating period of over 15 hours.
- Fitted with wheels and handles to allow easy manoeuvring
- The unit comes complete with fire retardant, non-kink ducting for connection to a mobile shelter (7.6 to 10m)
- Waterproof thermostatic controller to provide shelter temperature feedback for monitoring and control
- Detachable, insulated exhaust
- IP67 electrical connection
- Photocell operated automatic flame cut-out
- Secure, non-spill fuel cap
- Appropriate safety labelling

## Now there's a better way
